# ABOUT US

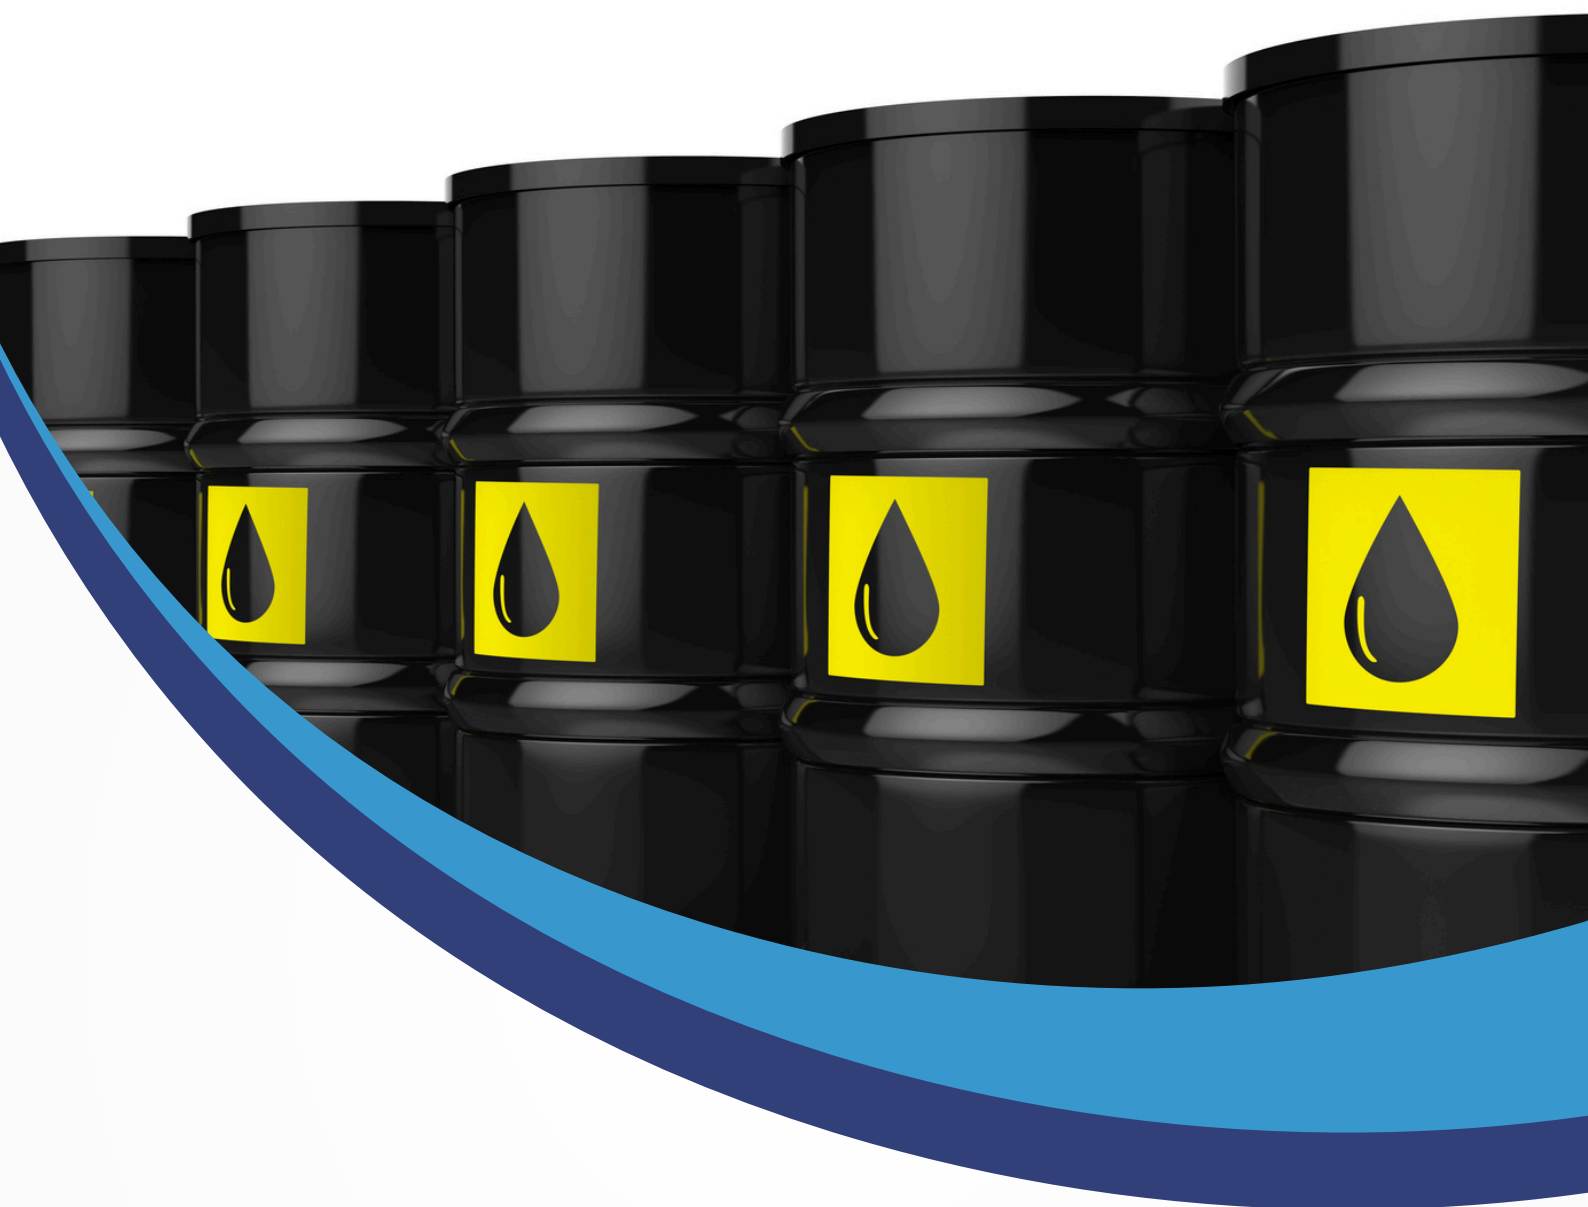

It was established in 2014 and based in London by JOSE SANTIAGO. This is a leading financial services firm under Sibank Holdings. Known for its quality and focus on tailored asset management and techniques. They're globally expanding it. They provide commodities trading at fair rates, crude oil (BLCO) from Nigeria. Renowned for professionalism and knowledge, they are also looking ahead to long-term connections with buyers across the world.

# Bonny Light Crude Oil (BLCO)

Bonny Light Crude Oil (BLCO) is a high-quality, low-sulfur crude oil takeout from Nigeria. Known for its great refining properties, it is highly demanded for producing gasoline, diesel, and other refined products. It is known as light oil.

# EN590

**EN590 is a diesel fuel from the European standard for identifying demands for quality, including sulfur content, biodiesel blend limits, and performance criteria. It promises that the car will work with any engine, be beneficial for the earth, and use less gas.**

# JET A1

It is a kerosene-based fuel used in commercial aircraft, turboprops, helicopters, turbines, and engines. They use Jet A1 as a high-performance aviation fuel that provides stability, safety, and speed for jet engines.
